The MAGA-ELD is approved by the Federal Motor Carrier Safety Administration (FMCSA) under Section 49 CFR, 395.22-395.36 and is listed on their website.

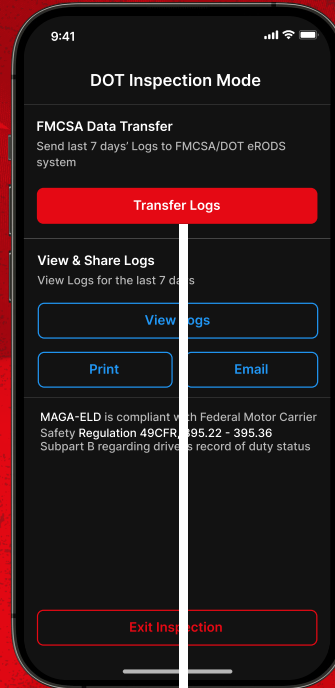

MAGA-ELD plugs into the vehicle's diagnostic port and is integrally synchronized with the engine. It automatically records driving time and connects to the MAGA-ELD Driver App on the Driver's mobile device via Bluetooth. This automatically recorded driving time cannot be edited by the driver. The MAGA-ELD App's DOT Inspection Mode enables officials to review and transfer driver logs.

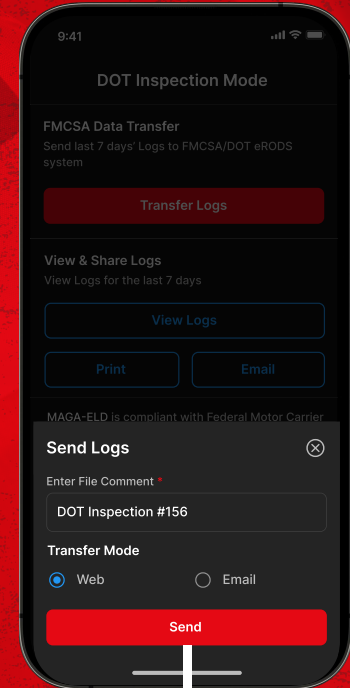

# INSPECTION REFERENCE CARD

On 'More' Screen,  
tap 'DOT Inspection'

Tap 'Transfer  
Logs'

Enter details  
and tap 'Send'
